ONE DAY SEMINAR

ON

NGS TECHNOLOGIES AND IT'S APPLICATIONS

By

B.V. Patel Pharmaceutical Education Research & Development (PERD) Centre, Ahmedabad

**IBioAnalysis Pvt. Ltd ,
Ahmedabad**

BACKGROUND AND OBJECTIVES

B. V. Patel PERD Centre and B. V. Patel Education Trust along with IBioAnalysis announces "One Day Workshop on NGS technologies and its applications" as a part of its Continuing Education (CE) programme. IBioAnalysis Pvt. Ltd. It is an initiative to promote biosciences research by providing training and services to researchers and by making available state of the art technology platforms. The prime focus of this workshop is to help the participants acquaint themselves with the upcoming technology pertaining to Next Generation Sequencing (NGS).

Programme Highlights

- Introduction to Genomics
 - Structural and comparative genomics
 - NGS technologies and its application
- Talk and Demo on Bioinformatics in NGS data analysis & its challenges**
- Case Study of data analysis in the field of
- Biological Science
 - Pharmaceutical Science

Who Should Attend

This workshop is designed for students, fresh doctorates, young researches and faculties who wish to pursue their career and connect with the field of NGS.

Programme Coordinator

Dr. Neeta Shrivastava

Workshop Coordinators

Dr. Neelam Chauhan

Dr. Milee Agarwal

in the Spirit of Progress

B. V. Patel PERD Centre is India's first multidisciplinary, postgraduate research institute dedicated to the pursuit of excellence in the pharmaceutical sciences.

In October 1990, the B. V. Patel Education Trust in conjunction with the Indian Pharmaceutical Association established B. V. Patel Pharmaceutical Education & Research Development (PERD) Centre, in the memory of late Shri B. V. Patel, the first Drug Controller of Gujarat.

PERD Centre was started with the aim of providing the Pharmaceutical industry and academia the opportunity and resources to undertake the latest in research and development.

Equipped with the latest and best R&D facilities, highly qualified scientific & technical personnel & regular education, training and developmental activities, PERD, today, is an internationally recognized research institute, providing the Pharmaceutical industry and Academia the opportunity and resources to undertake the latest in research and development.

A non-profit organization, PERD Centre acts as a supportive partner to the pharmaceutical industry and academia, providing the facilities and resources to undertake the latest in research and development.
